Jinba - Ittai

The soul of the Mazda MX-5 is defined by the Japanese philosophy of Jinba – Ittai; it means ‘rider and horse as one’. You can experience this connection behind the wheel of your Mazda MX-5, and by choosing genuine Mazda accessories you can make your Mazda even more a part of you.

Genuine Mazda Accessories

Genuine Mazda accessories offer four major advantages over non-genuine, non-Mazda accessories:

1. High quality

All genuine Mazda accessories are designed, manufactured and tested by Mazda engineers to ensure consistent, high quality standards and durability.

2. Matching design

Genuine Mazda accessories are specifically checked by our vehicle designers to ensure they meet Mazda design policies and harmonise perfectly with the vehicle design.

3. Optimum performance

Accessories such as alloy wheels can affect the performance of your vehicle. Genuine Mazda accessories are tested as thoroughly as the vehicles themselves – in wind tunnels, on road tests, with endurance testing equipment – to ensure optimum performance.

4. Comprehensive warranty

Genuine Mazda accessories come with generous warranties for your complete peace of mind:

- 3 years or 60,000 miles warranty in line with new vehicle warranty – if accessories are purchased at the time of new vehicle purchase and fitted by a Mazda dealer.
- Minimum 2 years warranty or 36,000 miles – if accessories are purchased at a later date. (If purchased within 12 months of new vehicle purchase, accessories warranty will be in line with the remainder of the new vehicle warranty or 2 years, whichever is longer.)

Financing your accessories

Personalise your Mazda with the help of Mazda Credit*. Mazda Credit* can offer you an affordable way of financing your chosen vehicle along with your selected accessories – whether it's the latest body styling kit or a new set of alloy wheels. Finance is quick and easy to arrange at your Mazda dealer as they are linked directly online to the Mazda Credit System.
